DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The farmhouse on this site is a two story frame building, three bays wide by two bays deep, which faces west. It is clad in wood shingles, and its gable roof is covered with standing-seam metal. The transomed entrance occupies the central bay of the west facade, sheltered by a one-story, shed-roofed porch. 6/6 windows appear in each of the two flanking bays, and three 6/6 sash are arrayed across the second story, aligned directly over the first-floor openings. An interior brick chimney exits from the peak of the north gable, and another such chimney rises from the rear slope of the roof at the south gable. A one-story, shed-roofed porch spans the south gable facade.

Several frame barns and sheds are associated with this site.
